Transforming challenges into opportunities with forward-thinking tech solutions.

ABOUT US

Founded in 2006, and headquartered in Redmond, WA, Inabia Software & Consulting is a certified minority and woman-owned small business that provides powerful IT and business solutions to Fortune 500 companies. Our mission is to drive cost reduction, enhance operational efficiency, and promote awareness of cutting-edge technology.

With our senior leadership team boasting over 150 years of collective experience in the telecommunications and software industry, Inabia embodies family values and a close-knit corporate culture. This commitment extends to the relationships cultivated with our employees and business partners. As a certified minority business enterprise, our overarching goal is to make a positive impact on society through technology, people, and innovation
